

What is the Prince's Foundation?

The Prince's Foundation for the Built Environment is an educational charity established by The Prince of Wales to teach and demonstrate in practice principles of traditional urban design and architecture which put people and communities at the centre of the design process.

SHERFORD PUBLIC EXHIBITION

This Exhibition has been prepared by The Prince's Foundation in order to inform the local community of emerging plans for Sherford and ensure that the communities continue to contribute positively to these plans.
